

With the construction under way in the south part of our city we'd like to suggest alternative routes to get to Ried's Food Barn.

From West State Street:

Turn down South 2nd Street and continue to the end when you reach the West Greene Street intersection. Turn left onto West Greene Street and continue to the South Union Street intersection. Cross the intersection onto East Greene Street or enter the South Union Street Entrance.

From North Union Street:

Heading north take the right onto Main Street (most northern roundabout) and continue to the Front Street intersection. Take the right onto Front Street and continue to the East State Street intersection. Take the right onto East State Street. Drive past Bradner Stadium and continue over the bridge. Take the left down Fulton Street, continue right onto Adams Street then turn right onto East Greene Street.

From South Union Street:

If coming north on South Union Street (south of the Allegheny River) once over the bridge turn right onto Franchot Blvd. and continue to East Greene Street.

We look forward to the completion of this beautification project at the southern entrance of our city. We hope the results will be well-worth any possible inconveniences caused by construction. Know that Ried's Food Barn will do everything in our power to keep product coming to our store and staying "in stock" every day. We will do everything we can to make your shopping trip as convenient and pleasant, as it always has been, throughout the construction period.

Thanks for your patience and thanks for your business!
